

SAFe LEAN PORTFOLIO MANAGEMENT

Course Code: C108

Duration: 2 days

Credits: 15 PDUs

Course Description

SAFe Lean Portfolio Management is a two-day interactive course where attendees gain the practical tools and techniques necessary to implement the Lean Portfolio Management functions of Strategy and Investment Funding, Agile Portfolio Operations and Lean Governance.

Participants in the course have the opportunity to capture the current and future state of their portfolio with the Portfolio Canvas tool and identify important business initiatives for achieving the portfolio vision. Participants also establish portfolio flow with the Portfolio Kanban and prioritize epics for maximum economic benefit. The course also provides insights on how to establish Value Stream Budgets and Lean Budget Guardrails and measure the Lean portfolio performance.

Attending this course prepares you to take the LPM exam and become a SAFe® Lean Portfolio Manager. Attendees who pass the exam receive a SAFe Lean Portfolio Manager certificate, a one-year certified membership as a SAFe practitioner and a SAFe branding kit with the LPM certification mark.

Target Audience

Individuals who will benefit from this course include CEOs, Program or Project managers, Release Train Engineers, Agile coaches, SAFe Program Consultants, Portfolio Managers, CTOs, Consultants, Directors, Program Managers and those interested in pursuing a SAFe® 5 Lean Portfolio Manager certification.
