

SAFe SCRUM MASTER

Course Code: C103

Duration: 2 days

Credits: 12 PDUs

Course Description

In this comprehensive two-day course, attendees will gain an understanding of the role of a Scrum Master or Team Coach in a SAFe enterprise, preparing attendees to successfully plan and execute the Planning Interval (PI), the primary enabler of alignment throughout all levels of a SAFe organization. This includes learning the key components of Agile at scale development, how Scrum is facilitated throughout the enterprise, and how to execute Iteration Planning.

Attendees will also discover how to build high performing Agile teams by becoming a servant leader and coach, and how to coach those teams to deliver the maximum business value at scale.

Attending this course includes 1-year membership to the SAFe® Studio platform to access the course workbook, e-learning modules, templated resources, facilitation guides, practice and certification exams and the associated SAFe® Scrum Master (SSM) certification digital badge upon successful exam passing.

Target Audience

Individuals who will benefit from this course include Delivery/Program/Project Managers, Scrum Masters, Team Coaches/Leads, Agile Coaches, Business Analysts, Consultants, Architects, Engineers, Developers, Product Managers/Owners, and those interested in pursuing a SAFe® Scrum Master (SSM) certification.

Course Objectives
