

## SAFe DEVOPS

**Course Code: C110**

**Duration: 2 days**

**Credits: 13.5 PDUs**

### Course Description

In this comprehensive two-day interactive course, attendees across technical, non-technical, and leadership roles work together to optimize their value stream from end to end.

Attendees will learn what DevOps is, why it is important to every role, and design a continuous delivery pipeline that is tailored to their business. Attendees work in cross-functional teams to map their current state value stream end-to-end, identify major bottlenecks to flow, and build an actionable implementation plan that will accelerate the benefits of DevOps in their organization.

Attending this course includes 1-year membership to the SAFe® Studio platform to access the course workbook, e-learning modules, templated resources, facilitation guides, practice and certification exams and the associated SAFe® DevOps Practitioner (SDP) certification digital badge upon successful exam passing.

### Target Audience

Individuals who will benefit from this course include Project Managers, Scrum Masters, Team Coaches/Leaders, Agile Coaches, Business Analysts, Consultants, Architects, Engineers, Developers, Directors, Managers, Quality Specialists, and those interested in pursuing a SAFe® DevOps Practitioner (SDP) certification.
